Photo instructions: Scan QR

Instructions:

1. Print this document at 100% scale. Do not use "fit to paper."
 2. Verify printout is scaled correctly by measuring the 5-inch reference at top.
 3. Using scissors, cut out the template.
 4. Align template on backplate.
 5. Cut backplate on curved edge as marked on template.
- WARNING:** Use protective equipment and operate cutting device in accordance with manufacturer instructions.
6. Use a 7mm socket and two original OEM screws to install the trimmed backplate onto the Diode Dynamics lamp bezel.

NOTICE: Use protective equipment and handle tools with caution.
Diode Dynamics is not responsible for any injuries sustained while following this procedure.
