

Racer Contingency Program

Requirements

- Race a UTV, Truck, or Rally vehicle
- Finish 1st or 2nd in an approved race and class
- Minimum 5 entries in class
 - National and regional rally entries will be viewed as separate classes.
- **Decal Requirements:**
 - UTV: Two 6" DD decals placed on the left and right sides
 - Truck: Two 6" DD decals placed on the left and right sides and two 6" DD decals forward facing, headlight location preferred.
 - Rally: Two 6" DD decals placed on the left and right sides
- Diode Dynamics must be the exclusive lighting (*exception - linear, rear facing chase light)
- Vehicle must have a minimum of two pod lights or one light bar used for forward projected lighting.
- Minimum lighting requirements must be mounted on the vehicle at all times throughout the race.

Redemption

Email completed redemption form to Sponsorships@diodedynamics.com with supporting documents and deliverables:

- Completed redemption form
- Link to social post tagging the appropriate Diode Dynamics accounts.
 - Post must be Diode Dynamics lighting focused.
 - Post must be within one week before or one week after race.
- Video file of driver testimonial (*max one per calendar year)
 - Preferably with driver in focus, with race vehicle in background
 - Explain why you chose Diode Dynamics lighting, what model lights you use and how the lights help you perform
 - By submitting, you authorize Diode Dynamics to use the content at their discretion.
- Verification photo of vehicle in podium area with required decals and lights visible
- Completed W-9 form (*max one per calendar year)
- Redemption requests without all supporting documents and deliverables will be considered incomplete.
- Contingency redemption submissions must be received withing 60 days of the event start date.
